

KRUGER NP, SOUTH AFRICA

Duration: **9 days / 8 nights**

Up-to-date dates, prices and included services: moai.ch/kruger

Capture the wild beauty: a photo tour at the heart of Africa in Kruger National Park

Join us for an adventurous week-long photo tour in Kruger National Park, one of Africa's most spectacular destinations. We'll explore the vast expanse of this world-famous reserve, home to an incredible diversity of flora and fauna.

Throughout our journey, you'll have the chance to capture breathtaking images of the famous "Big Five" (elephants, lions, leopards, buffaloes, and rhinos) and many other fascinating animals that roam the park. Each day, we'll embark on thrilling photographic safaris, venturing into different areas of the park to seek out the best opportunities for unique shots.

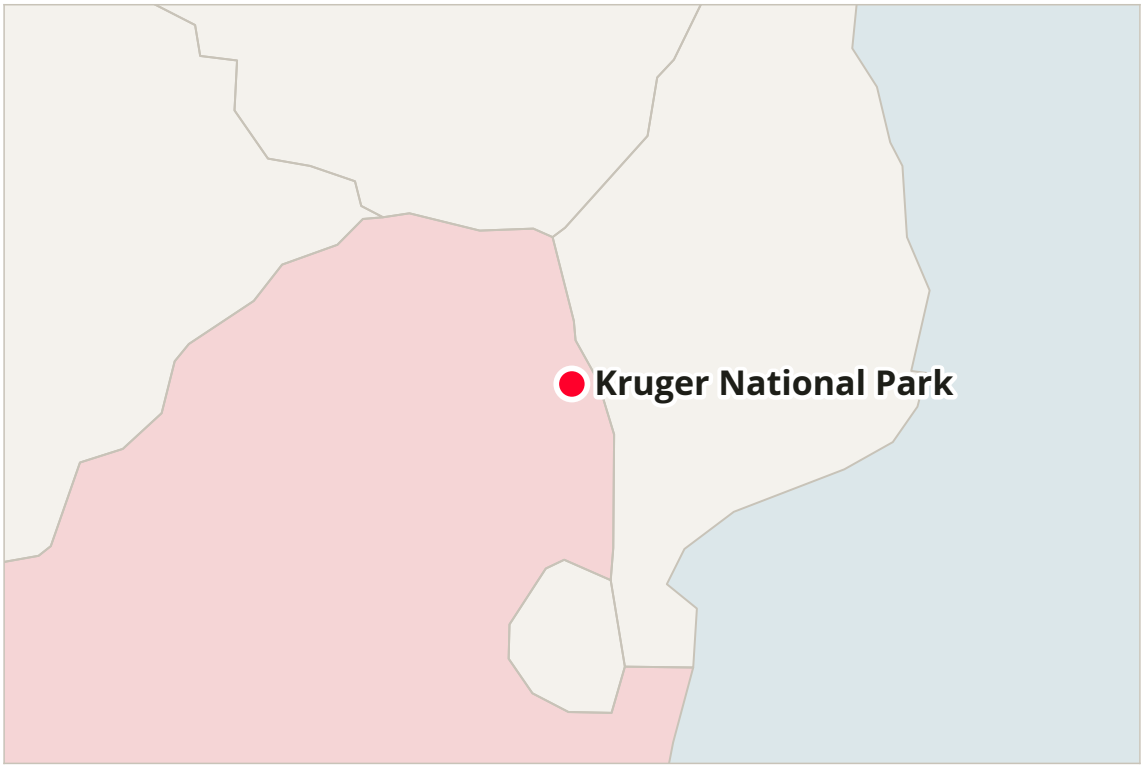

We'll stay in bungalows inside the park, fully immersing ourselves in the wild. Enjoy stunning sunsets, listen to the sounds of the savanna at night, and be enchanted by the vibrant colours of the landscape.

Additionally, you'll have the chance to learn from an expert photography guide who will share valuable tips and tricks for capturing extraordinary images. Along the way, we'll also have time to exchange experiences and share our passion for photography with fellow participants.

Whether you're an experienced photographer or just starting out, this tour is perfect for anyone who loves nature and wants to immerse themselves in the wonder of Kruger National Park. Get ready for an

unforgettable experience and return home with a collection of photos that tell the story of Africa's wild beauty.
